- Understand machinery and equipment.
- Be a part of Sustainability forum to get updates on latest Industry Trends.

EXHIBITOR REVIEWS

"Met new recyclers who are working for the nation and for the environment. Also witnessed a lot of new solutions and new technologies."

There were many Machine Manufacturers who showcased their products on how plastics can be recycled in a better way."

Rekart™

"Thanks to the GCPRS organising team, we are deeply obliged to have the opportunity to display our vehicle 'bioyug on the wheels'. We have received really good response from the entire polymer industry. We have also received very positive response towards our revolutionary product. in a better way."

"Thank you to the organising team of GCPRS. We had participated in the first edition and now the Second edition and we're looking forward to exhibit and acquire a bigger space for the 3rd edition"

"The overall experience has been vibrant, with excellent exposure and great opportunities to connect with industry stakeholders."

**Piovan
Penta**

"As first-time participants, we were able to connect with many clients interested in recycling machines. This expo has been a truly successful experience for us."

"It was an overall great experience at GCPRS, offering valuable exposure and networking opportunities."
