WHY EXHIBIT?

GCPRS offers unparalleled access to India's rapidly growing plastics recycling ecosystem and provides opportunities to:

- Launch New Products & Technologies
- Meet Decision Makers & Buyers
- Generate Quality Business Leads
- Connect with Government Authorities
- Expand Global Partnerships
- Build Brand Visibility
- Engage with Industry Leaders
- Showcase Live Machinery & Innovations

VISITORS PROFILE

- Brand Owners
- Plastic Processors/Producers
- Recyclers
- Waste Management Companies
- Government Bodies
- Sustainability Leaders
- Procurement Professionals
- Export Houses
- Investors & Startups
- Consultants & Academia
- Industry Associations

MANDATORY USE OF RECYCLED PLASTIC IN PLASTIC PACKAGING

(% of plastic packaging manufactured for the year)

Plastic Packaging Category	2025-26	2026-27	2027-28
(1)	(2)	(3)	(4)
Category I	30	40	50
Category II	10	10	20
Category III	5	5	10

ESTIMATED PROJECTIONS

Projected PCR usage -
3 million metric tons

CAGR - 9.5%

New Capex Investment-
Expected
Rs. 10,000 crore

Total Market Capacity by
2035 - Rs. 60,000 crore or
6.3 billion usd

CEO CONCLAVE

The only platform for decision makers of industry, policymakers, and global experts to discuss:

- Future of Circular Economy
- Recycling Regulations
- Market Trends & Investments
- Sustainable Manufacturing
- Global Trade & Policy Developments

SUSTAINABILITY FORUM

Connecting Innovation with Industry

- UN Global Plastic Treaty
- Extended Producer Responsibility (EPR)
- Sustainable Packaging Solutions
- Chemical & Mechanical Recycling
- Circular Economy & Climate Goals

STARTUP PAVILION

The Startup Pavilion provides emerging businesses an opportunity to showcase breakthrough technologies, engage with investors, and collaborate with industry leaders driving the future of sustainable plastics.

LIVE MACHINERY ZONE

Witness cutting-edge recycling technologies and sustainable manufacturing solutions in action through live machinery demonstrations.
